“ I only knew Vanessa for a little under a year, but in that amount of time she enriched my life so much. She taught me to take chances and not take crap from anyone, she made me push my own boundries and explore my mind, she did everything in her power to take care of me and the people around her. She was a beautiful soul and I will forever miss her, I'm sad we lost touch and I never got to say goodbye

“ Dear Vanessa~ I miss you so very much honey. You were there for me when we lost our Dustin. You wrote me letters and sent me cards of cheer and love. I wish I could have spent more time with you. You were a very unique and beautiful girl. You will always be in my heart. Tell Dustin how much I miss him and love him. You are with the Lord now. No more pain or sorrow. Just Peace and Love.

“ there is no way words can explain what Vanessa meant to me. we met as coworkers about a year and a half ago. we have literally been friends since the day we met. friends mean a lot t me. you see, i don't have a family life worth talking about really. so Vanessa decided to do something about that, she insisted i meet her mother and stepfather, eventually she wanted for me to meet her brother. she always told me about the bond you all shared as a family. she wanted that for me. Vanessa really did mean the world to me. we talked so much about our lives together, i shared somethings with her i have only told her. things i needed to say, things she made me say. i love her, i will always love her. she had came over recently and we talked about love, and what it meant to us. then after talking for awhile, she told me she loved me back, for the first time. i knew we were friends, but after that i truly felt i had a friend for life. she will always be with me, i can't thank her family enough for bringing her into this world so i was able to meet her.

“ My beautiful angel, Vanessa. Thank you for all the special phone calls we shared. We felt so close to each other, and you will always be in my heart. I was so happy to play the theme from " Love Story" on the piano each time that you called. All my love, Aunt Carmen
