NS

“ Wally touched the lives of so many people over the years. He was the best mechanic we ever had in PDX. He kept the Flight Crews safe and the ground crew happy with his abilities to keep those old birds in the air and not on the ground. I am so blessed to have known him. I will forever think of him while looking at my EMB hub-cap clock. Thanks for the memories, Wally.

MQ

“ Wally you were such a great person and I'm glad I knew you well enough to say that! All of us at PDX were lucky to have someone like you to work with. My heart and thoughts goes out to Sharon who I know you will watch over.

Melonye Qutoriano - February 26, 2015 at 12:00 AM

AA

“ Please know that your in the arms of the Angels and know we will always keep you in our hearts.

Andy and Kimmie Anderson - February 23, 2015 at 12:00 AM

MF

“ Wally is truly an institution at both SkyWest and PDX. Many of us have trusted our lives with his knowledge, expertise and fastidiousness. Someone mentioned the "big hangar in the sky". I bet they have a few R4360s needing some work Fair winds, my friend.

Mike Finch - February 23, 2015 at 12:00 AM
